

**Your source for
Safe Travel
Information
about COVID-19 and
other infectious disease**

Increase your confidence by using up-to-date tools to prevent disease transmission and other health-related risks while traveling.

We know that providing safe travel experiences for faculty, students, staff, and volunteers is your priority, but staying on top of current health guidance can be time consuming.

To request FREE consultations and resources reach out to:

Lisa Spitzner, Bureau of Epidemiology

Phone: 845-742-8036

Travel team members are available to:

- Provide the latest health and safety guidance from the Centers for Disease Control and Prevention (CDC) and the PA Department of Health (PA DOH) to help curb the spread of COVID-19 and other infectious diseases.
- Collaborate with Institutes of Higher Education (IHE)s to provide educational products that are geared towards traveling faculty, staff, students, and volunteers.
- Answer questions concerning alerts to existing, new, and emerging public health threats affecting IHE travelers

The Safe Travel team provides information, education, and resources to travelers on best practices for maintaining their health and preventing the spread of COVID-19 and other infectious diseases while traveling. We work closely with partners in the travel industry, including airlines, rail, travel clinics, hotels, and other transportation providers, to stay current on the latest health risks and recommendations while helping provide safe travel environments for all. In addition, we collaborate with public health, community organizations, and institutes of higher education to support their efforts in preventing and promoting responsible travel practices. To sign up for the quarterly Safe Travel Bulletin send your request to ra-pwsafetravel@pa.gov.
